VILLAGE LIFE AND FUN

IZVOARELE IS
EUROPEAN YOUTH
VILLAGE FOR 2019

BEHIND THE PROJECT

An ESC project that aims to provide cultural content and examples of community involvement to the young people in the enlarged community of Izvoarele commune with the help of a group of 20 international volunteers.

CURBA DE CULTURĂ

Curba de Cultură focuses on teenagers and youth development. Our mission is to use non-formal education as a complementary method to the formal educational system for young people. We want to create the premises for a better development of the young people and their more suited integration within their respective communities. We want to make young people aware that they actively belong to their local and national culture.
