SOLIDARITY
CORPS

Work for Peace with Young People

JUGENDTREFF HAGEN

Ahrensburg

(close to Hamburg)

GERMANY

European Solidarity Corps

project of 12 months

starting date March - December 2020

GOAL OF THE PROJECT

The project intends to **broaden the horizon of young people** beyond their own homeland and connect youngsters from different European countries **by sharing intrests, wishes, problems and aspirations with each other.** It should make young people understand that peace is not something to take for granted, but something that is created together.

VOLUNTEER WORK

The volunteer works with about 13 to 18 years old young people from Germany and online with youngsters from other countries to find out what kind of youth movements are currently active in European Union. The Peace Project should end with an exhibition about desires, longings and dreams of the young people around Europe. The work should be carried out as independently as possible, but there will be full support from the youth center workers and the project manager.

WORK BASE

The cosy Jugendtreff Hagen youth center, its friendly team, guests and local school students will be the basis for the volunteer and project. The volunteer will do regular youth work with the children during the opening hours (3 hours x 3 days a week) and focus on the Peace Project for the other working hours. The documentation of the entire project in all its stages of development is the responsibility of the volunteer.

Jugendtreff Hagen
