## WHAT IS CONCORDIA ?

Concordia is a French national non-governmental and non-profit organization, founded in 1950 by English, German and French youngsters. Their aim was to enhance the values of tolerance and peace after the 2nd world war by organizing international workcamps of young volunteers.

The main objectives of Concordia are the following:

Education in helping young people to grow up by acquisition of collective life.

Culture in favoring the youth exchanges on an international level, always emphasizing the values of peace, friendship and mutual respect.

Social in taking part in concrete actions of solidarity, as well as supporting a civic attitude  
Social economy in contributing to realization of local development, in favor of the environment, patrimony, tourism and socio-educational animation.

You can visit our website to know more about the organization: <https://www.concordia.fr/eng>.

## CITY AND REGION

The ESC project takes place in the region of Bretagne, in the west side of France in a city called Cancale.

Located 4 hour from Paris, 1 hour from Rennes and 30 min from Saint-Malo.

Elected remarkable site of taste, Cancale has long been renowned for its oysters and shellfish. An undeniable asset, these iodized delights can be enjoyed while admiring the marvel that is Mont Saint-Michel, set in the middle of the bay.

The volunteering will take place in the “Point du Grouin” which stretches out in a majestic setting between Cancale and Saint-Malo.

From the tip, the gaze embraces an impressive setting, from Cap Fréhel to Granville via the bay of Mont Saint-Michel. At 25 km, stands out the Mount itself. Offshore, the Chausey Islands appear. The lucky ones will see a colony of dolphins that regularly frequent these fish-filled waters. At low tide (watch the timetables!), a path allows you to explore a cave dug into the cliff. In the evening, when the mist clears, the twilight sets the coast on fire.

Capital of the Centre-Val de Loire Region, Orléans is at the crossroads of the Sologne, the Beauce, the Gâtinais and the Loire Valley with its royal castles.

## OUR PROJECTS

We develop projects on topics that are very important to us. One of these topics is environmental education and awareness. We also run activities on promotion of volunteering, international workcamps and training courses. We work on those projects in pair and give the possibility to young volunteers to develop the projects with our partner. It means that the volunteers work together and have a lot of freedom of what to suggest and to build the activities they want to build.

As we believe that doing an ESC also means to be involved in the activities of the association, we ask the volunteers to take part in the local events and activities that Concordia and the area organize (opening days of Concordia, special associative days or weekends organized by other volunteers...).

Also, in the city, there are many non-governmental organizations which we are working with, so you can be proposed to help them in organizing or participating in their events.

In July and August the volunteer could participate in the work camps with Concordia as a co-leader or leader.

# TASKS AND ACTIVITIES

The main task of the volunteer is to work with children who come to the Sea Center, each week, for a scholarship.

In particular the volunteer will, with the teaching team :

## -> ANIMATION'S ACTIVITIES

- Collaborate in the work of the teaching team by bringing an intercultural dimension, new approaches and teaching methods (reception of groups via a treasure hunt for example).
- Get involved in the life of the sea class center and bring an outside perspective (improvement of exteriors and/or gathering spaces, assistance with the management/maintenance of equipment for boat trips)
- Propose activity times in connection with the marine environment or according to interests of volunteers
- Intercultural promotion through participation in activities with groups and presentation of one's country to children welcomed (culinary proposals, presentation of music, sports, games from the volunteer's country of origin)

## -> ENVIRONMENTAL PEDAGOGY

- Development of tools to promote good environmental practices for children hosted at the center

## -> IMPROVING KID'S EXPERIENCE

- Participation in the creation of visual aids for the presence of groups (photo report, videos) to enhance their experience.
- Participate in the writing of articles for the life of the center

## -> OTHERS TASKS

- Promotion of the CES with the various institutions, regrouping times and/or with the territorial partners
- Demonstrate initiative to set up, according to the appetites of the volunteers, a personal project in connection with the place of the center or with the children welcomed.

During the activities proposed to the pupils, they will be able to assist the teachers or carry out the activity under their responsibility. There is a weekly meeting during which we decide with the volunteers which activities they will participate in or what activities they will offer during the week.

The detailed activities will be proposed by the volunteer according to his/her skills and interests and with the support of the pedagogical team.

The volunteer will be at the sea center from 8am to 2pm or from 2pm to 8 am.  
Once a week, volunteers will organize evening activities until 9:30 pm. Schedules are flexible  
She/he will be allowed to take 2 days off per month (when she/he wants regarding the activity schedule).

## PROFILE OF PARTICIPANT

- Be between 18 and 30 years old
- Fully COVID-19 vaccinated (2 doses)
- Basics knowledge in French or motivation to learn french
- Motivation to work with kids..  
Experiences in the field will be a plus
- Cultural, artistic or sport skills are more than welcome
- Be flexible, autonomous and open to meet/live with new people, to think outside of the box
- Be willing to develop a personal project

## COVID-19 SITUATION

Currently the situation in France is nice, so there is no obligation to wear the mask in transport and supermarkets. But as the number of illness cases increases now and the pandemic is not over, there might appear restrictions during the project, so be ready for everything.

## PRACTICAL INFORMATION

- Accommodation in one room in the sea center
- Food: the volunteer will be allowed to eat in the canteen for lunch and dinner on weekdays, on weekends he will have access to a supermarket card for his own meals
- Health Insurance by Cigna;
- Pocket Money for her/his personal use (6€ per day);

We usually give the money for a month in the beginning of every month, but it can be managed according to your wishes
