

Volunteering Project

PROJECT CALL

System and Generation

The System and Generation Association is available to support (send) and receive(host) volunteers in these two years. If you are EU Citizen or if you are from EU Erasmus+ Programme (18-30 Years Old), you can be a volunteer in Türkiye for 2 months (59 Days) or 10 Months (Max.295 Days) at S&G Ankara. The project will start on 15th September 2022

Our Targets

-International Volunteering in the framework of promoting social cohesion, social inclusion, and international dialogue.

-To raise awareness about civic participation in civic life and to give social workers who can play an active role a chance for active citizenship.

In this frame, the main topics of our activities are: Youth Work, Community Development, Climate Action and the Environment, Employment and Entrepreneurship, Culture, Inclusion, Education and Training, Citizenship and Democratic Participation, Sport and Skill Development

About Us

S&G: System and Generation Association is a non-profit organization established in 2008. Our Mission is to enhance the dreams of young people via motilities. We provide opportunities in pursuance of contributing to Youth Empowerment& Community development, encouraging youth' entrepreneurial spirit& helping them acquire knowledge and qualifications.

System and Generation get into the act about; increasing economic growth, social and sustainable development, fostering Intercultural Citizenship Education, promoting tolerance and harmonious co-existence, working on migration and refugee-related issues, encouraging social entrepreneurship initiatives, social inclusion of people with disabilities and fewer opportunities.
