WHAT TO EXPECT

In the 12 days, we will learn by **getting experiences and doing:** about each other, our cultures, teamwork, taking initiative and entrepreneurship.

This means there will be many exciting activities and challenges to face where you can create, explore and understand, working in small and big groups with young people from other countries.

We will also be having outdoor activities during this youth exchange, lasting from a couple of hours to some days when we will **fully disconnect**. So come prepared to be challenged in the nature and adventure time!
