1 WHY SOLIDARITY SENIORS PROJECT ?

Intergenerational solidarity is a response to the challenge of ageing and the isolation of the elderly. This issue, also true in other European countries, will allow young Europeans to act concretely and to engage in France with seniors on this theme shared in their country.

‘Solidarité Seniors’ is a program that responds to the challenge of ‘ageing well’ through a comprehensive approach to the needs of elderly, at home and in care facilities. 20 volunteers will be recruited for the project. The 20 volunteers will be divided into teams of 4 (2 French and 2 Europeans).

EACH TEAM WILL HAVE TO CARRY OUT THE FOLLOWING ACTIVITIES

- 1. Identify isolated elderly people, offer them individual visits
- 2. Develop a bond of trust with the people visited in order to lead them towards greater mobility
- 3. Visit isolated elderly people, having previously prepared these visits, which will be carried out in pairs (1 French and 1 European)
- 4. Be proactive, organize and set up group outings or events, encourage older people to take part in group activities
- 5. Participate in the evaluation of the impact of their action on the beneficiaries of the project
- 6. Intervene in a structure (retirement home, nursing home etc.) in order to participate in cooperative activities

Activity N° 2

Promote Europe and encourage mobility programmes

ORGANIZE ONE OR SEVERAL EVENTS TO PROMOTE EUROPE AND EUROPEAN VOLUNTEERING

WORK WITH FRENCH VOLUNTEERS AND HELP THEM TO PREPARE THEIR OWN MOBILITY

As a European volunteer, you also will work on another project on the topics of Europe, youth mobility and volunteering programs.

- First, with all the team, you will implement and develop workshops to raise awareness of Europe and its ideals.
- Moreover, you will also be part of a special two-person team: you and one French civic service volunteer. You will have to support each other in your own projects. You will support the French volunteer and help him to prepare his own mobility project / you could share your mobility experience and your knowledge (what you did / how it worked / how you organized the project etc). The French volunteer will support in adapting you in Angers and your daily life in France.
