THE COAT OF ARMS OF ARMENIA

Below you will see the Coat of Arms of Armenia. In the centre of the shield you will see Mount Ararat with Noah's Ark on top of it. The story goes that the ark rested on the biblical Ararat Mountain after the great flood. Ararat is also considered as the national symbol of Armenia and with good weather you have great sight on the mountain from Yerevan.

Surrounding Mount Ararat are the symbols of the old Armenian dynasties. The shield is held by the eagle and the lion. The colors of the Coat of Arms are red, blue and orange that are referring to the Armenian flag.

During your service, you got offered to have an On-Arrival Training and a Mid-Term Evaluation (if the Service duration exceeds 6 months), both organized by SALTO Eastern Europe and Caucasus.

You get the chance to learn Armenian language by attending Armenian language courses. The lessons will be provided by an English speaking teacher 2 times per week.

Still doubting...?

"Armenian class I really like to do, it feels like you are going back to school and you can experience your teenage years again."

MENTOR

To make you feel home as soon as possible in Armenia, you will have a mentor. Your mentor shows you around, tell you all the information you need to know, for example about public transport, grocery shopping and some Armenian norms and values. Also your mentor can be your first friend in Armenia and you can do activities together.

ARRIVAL TIME AND MEETING POINT

Your mentor will pick you up at the airport upon arrival. To arrange the pick-up we shall need your ticket reservation to be sent to us as soon as you get it (not later than 10 days before arrival date). From your mentor you will receive a food package to provide you for the first days. For your first introduction in Armenia, your mentor will show you around the city at your first day. (S)he will also show you the local supermarkets, (s)he will teach you how to use local transportation, and (s)he will buy an Armenian phone-SIM card with you. Next to that you will visit some interesting museums together.

ACCOMMODATION

You will be living in a hostel or dormitory of the Linguistic University with other volunteers (2 people per room). The both places are very close to the city centre with the various ways of getting around the city. Each volunteer is provided with the "kitchen stuff" (plates, pans, glasses, tableware, etcetera).

You will receive a certain amount of money for food on monthly basis. You will be able to decide yourself what, when and where to eat. There are a lot of shops, food stands, cafes and restaurants available all over the city.
