Geomun Island is a beautiful island located about 1 hour and 30 minutes by high-speed ferry from Yeosu, which is known for having one of the most picturesque harbors in South Korea. While it may seem like a remote island from the mainland, from the perspective of the sea, it holds a strategic position as a gateway to Korea. Because of this, Geomun Island has historical significance—most notably, it was occupied by British forces from 1885 to 1887.

Despite being separated from the mainland, the island has developed its own unique culture over time. Today, it is home to about 300 residents who enjoy a peaceful and happy life. Volunteers come to this island to contribute to the well-being of the community and help enhance the happiness of its residents even further.

Work: Participants will spend a night in Yeosu, exploring the city before heading to Geomun Island. There, they will collaborate with professional artists to create artwork using marine debris, household waste, and natural materials. They will also take part in producing artworks that benefit the local community. In addition to these creative activities, participants will have time to enjoy Geomun Island's stunning beaches and beautiful ocean.

Participants will also have the opportunity to share their diverse cultures with local elementary and middle school students through food, games, art, clothing, photography, and more. This cultural exchange will allow both participants and students to experience the joy of diversity and gain valuable insights from different traditions and perspectives.

This experience is perfect for anyone curious about life beyond the city, where the vast sea meets a vibrant island community. It is also an ideal opportunity for those who wish to contribute to local development and foster collaboration within the community.

Accommodation and Food: In the local guest house / Meals are provided & Cooked by participants. The accommodation provides air conditioning, bedding, and shower facilities. Each room will be shared by 4 to 5 people.
