Description of the partner organizing/hosting the project:

Children's and youth campsite of the city of Braunschweig

The campsite at Lenster Strand in Grömitz on the Baltic Sea is mainly used for recreation by children and young people from Brunswick, but can also be used by other groups and families. It is primarily aimed at children and young people from lower-income families and thus makes an important contribution to their recreation and relief.

Description of work:

Would you like to help children and young people have an unforgettable summer and get to know the Baltic Sea beach at the same time? Then help out with our spring cleaning at Brunswick's children and youth camping site on the Lenster beach in Groemitz. Together with other young people from all over the world you support the staff of the campsite during various seasonal preparatory repairs on the entire site. Together you will repair or rebuild playgrounds and sports fields as well as barbecue and campfire areas, carry out painting, painting and basic cleaning work, carry out various site maintenance work (gardening and earthworks), repair bicycles and equip tents with beds, mattresses, lamps and other items. (Note: The actual work to be carried out may differ from that described here).

In the first week you will work from Tuesday 14th of April to Friday 17th of April, in the second week from Monday 20th of April to Friday 25th of April. Your daily working hours are from 9am to 4pm with a lunch break. As you live and work directly on the campsite, you don't have to spend time to travel to work.

You will be living in basic 4-bed rooms in the main building of the campsite, which is located just a few metres away from the sandy beach.

Information about the campsite can be found at <https://www.braunschweig.de/zeltplatz-lenste> and at the bottom of <https://www.braunschweig.de/zeltplatz-lenste/zeltplatz.php> there is also a short film (unfortunately also only in German) about the campsite.

Description of accommodation and food:

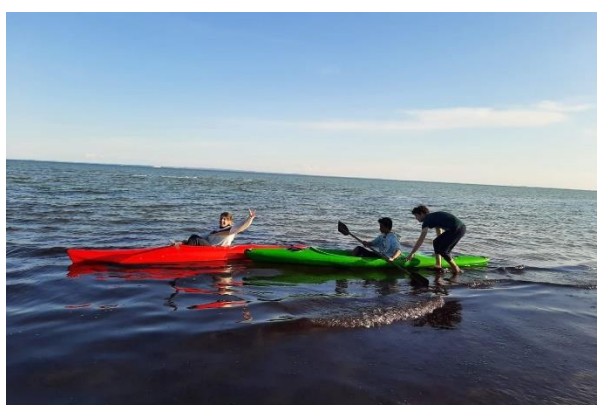

You will be sleeping in 4-bed rooms in the main building of a child and youth camping site. Monday to Friday you will be fully catered for (vegan, halal and kosher are not possible). On Saturdays, Sundays and public holidays you cater for yourself. Money for shopping on these days will be provided. Please state any intolerances during registration.

Description of location and leisure:

The children and youth campsite is just a few metres away from the beautiful Baltic Sea beach. In April it will probably still be too cold to go swimming, but there will be some bicycles available for you to use, so you can go on bike rides in a smaller group on the embankments along the Baltic coast!

There is a wide range of free-time activities available for you on the huge outdoor area of the campsite: several football pitches, a beach volleyball court, a beach football court, a beach handball court, a street basketball court, a huge bouncy castle, a zip-line, several table tennis tables and a ground chess. In the evening, you can relax and unwind in the team room or around the campfire. On the free weekend, it's also worth taking a trip to Hamburg (100km away) and Lübeck (50km away).

Remarks (other information): You should be fit enough for physically demanding work and you should be able to ride a bike.
