

CALL FOR PARTNERS EUROPEAN YOUTH EXCHANGE

SOCIAL POLITIC AND POETIC BODY IV
09/11 - 23/11/2026
Vaunières, Saint Julien en Beauchêne, France

PROJECT AND ACTIVITIES

Rich in learning and emotions, we are launching a new call for partners to co- create the fourth edition of the European youth exchange “Social, Political and Poetic Body.”

[A project for the social, political and poetic body](#)

This exchange invites young people from different European countries to share an experience of encounter and collective creation, where the body becomes a tool for connection, expression and transformation.

Through artistic and somatic practices (dance, clowning, physical theatre, contact improvisation, massage, Theatre of the Oppressed, etc.), participants explore the body as a space for inclusion, active citizenship and shared poetry.

The objectives are twofold:

- To create intercultural links through collective living, the preparation and sharing of meals, intercultural evenings, and the exchange of personal and cultural histories.
- To experiment with the political and poetic dimension of the body as a tool for dialogue, civic expression and collective creativity.

VENUE

In the heart of the Hautes Alpes, the association “Les Villages des Jeunes” has been managing, livening up and renovating the reception centre of Vaunières since 1964.

It is an old mountain hamlet, now a place for youth and adults experiencing family, health or professional difficulties, and who need to take some time to recharge, acquire new skills and reflect on their plans.

Vaunières is also a place where families, tourists and people with disabilities come on holiday to enjoy the calm of the mountains and the dynamics of the area.

The workcamps, cultural events and seminars that we organise at Vaunières with participants from all over the world allow us to strengthen the cultural diversity of our activities and to make this place open to the world, a place where people of all ages and all social and cultural backgrounds agree to meet by working together and sharing collective life.

We hope that everyone, a participant from France or abroad, will come in this spirit of meeting and working together which brings our project to life.

COLLECTIVE LIFE

Shared daily life is a core part of the experience.

Participants take turns in multinational teams to organise the daily tasks:

- preparing meals together,
- cleaning, maintaining the venue and doing the washing-up,
- planning and hosting convivial evenings and group activities.

These responsibilities allow each participant to develop skills in cooperation, responsibility and autonomy. They also provide a concrete opportunity to meet and collaborate with people in professional reintegration who live and work in Vaunières, strengthening the social and inclusive dimension of the project.

Cooking and meals are an important part of the exchange. Each group will take turns forming kitchen teams to plan menus and prepare meals for everyone. This is also a chance to share your best recipes and traditions with others!

Please note that, in line with Solidarités Jeunesses' environmental commitments, meat will not be served every day. Meals will not be strictly vegetarian (unless specifically requested), but reducing meat consumption is encouraged as part of our sustainable approach.

PARTICIPANTS

This project is open to young people aged 18 to 30, without any specific prerequisites in terms of skills or experience. What we are looking for above all is motivation: the willingness to live in a multicultural collective, to adapt to a very rural environment far from the usual city attractions, and to engage actively in daily community life.

Participants should be ready to contribute to both the practical tasks (cooking, cleaning, collective organization) and the artistic activities of the exchange.

Those with the capacity or motivation to propose workshops related to their own interests and skills or digital/communication projects (video, radio, social media) —will be particularly welcome.

The main working language of the exchange will be English. However, a spirit of patience, openness, and mutual support is more important than fluency, as we encourage participants to help one another in learning and communicating.

We warmly welcome participants not only from EU member states but also from third countries not associated to the programme (Regions 1 and 2) .
